CUSTOM PACKAGING. MADE IN BANGLADESH.

Flexible packaging, paper bags & labels.

A packaging partner for food, retail and everyday brands.
From material selection to printing, conversion and the finished pack.

Illustrative product concepts. Final construction is agreed for each order.

01 Flexible packaging

Printed films, laminated pouches and zipper bags designed around the way your product is stored, handled and used.

02 Paper packaging

Shopping bags, shoe boxes and paper-based retail packaging that bring your brand into the customer's hands.

03 Labels & stickers

Product labels, printed stickers and brand identification made to complete the pack.

04 Rigid & luxury boxes

Premium gift boxes and presentation packaging for products that deserve a considered introduction.

THE PROCESS BEHIND THE PACK

From raw material to your finished pack.

Connected production stages help translate a packaging brief into an agreed specification, approved sample and production run.

Manufacturing facilities	Colors, maximum	Flexible pack layers	Solution families

Company-reported capabilities. Confirm availability and suitability in your quotation.

01 Material processing

The right foundation for the finished pack.

02 Film & paper forming

Turning raw materials into possibilities.

03 Lamination

Multiple layers. One considered structure.

04 Multicolor printing

Your identity, brought to the material.

05 Converting & finishing

Where the pack takes its final shape.

06 Inspection & dispatch

Care in the details. Confidence in the pack.

QUALITY FOLLOWS THE AGREED SPECIFICATION

Material and structure review. Artwork, color and finishing checks. Sample approval before production. Final inspection against the agreed packaging requirements.

START A CONVERSATION

A better brief.
A more useful quotation.

Send the information below to help us define your packaging and review production requirements.

01 Your product

Product name, application, fill weight and storage conditions.

02 Pack format

Pouch, roll stock, paper bag, carton, label or rigid box.

03 Dimensions & materials

Width, height, gusset, preferred material and thickness or paper weight.

04 Artwork & finish

Print colors, label shape, finish and any reference or artwork files.

05 Quantity & delivery

Estimated order quantity, delivery country and required date.

Materials, thickness, sizes, minimum order quantity, production lead time and sample time are confirmed in the quotation. Published ranges will be added when approved specifications are available.

LET'S DISCUSS YOUR PACKAGING.
